

Life Insurance

A life insurance gift is a meaningful and simple way to support the mission of the Greenville Tech Foundation. By designating the Foundation as a beneficiary of your life insurance policy, you can create a lasting legacy that empowers students and strengthens our community.

Your Legacy, Their Future

By including the Greenville Tech Foundation in your life insurance planning, you help provide scholarships, educational resources, and opportunities for future generations.

Name the Greenville Tech Foundation as a Beneficiary

Contact your insurance company and update the beneficiary designation form to include the charity's name, address, and tax ID.

Simple to set up; you retain ownership and can change a beneficiary later.

No immediate tax deduction, but your estate may get a deduction when the death benefit is paid.

"I'm deeply grateful for your generous scholarship. Your support goes beyond financial assistance; it's an investment in my future and a vote of confidence in my potential. This gift eases my financial burden, allowing me to focus more on my studies and pursue my passion for manufacturing engineering. Your kindness inspires me to work harder and pay it forward to future students someday."
